DUECE Project

Michael Whedbee (Interim), Project Manager Sindhu Zacharia, Deputy Project Manager

Security Operations

Shannon Cass, Lead

Enrichment Science and Engineering Division

Brian Anderson, Director

Stable Isotope Production Facility

Tom Kollie, Project Manager

Stable Isotope Portfolio

Alan Tatum, Manager

Centrifuge Science

Brian Damiano

Enrichment Systems Engineering

Michael Henkel (Interim)

Enrichment Systems Fabrication and Demonstration

Cherlyn Foster

Plasma Enrichment. **Science and Engineering**

Brian Egle

Technical Support Services

Devon Engle

Dynamic Testing Federico Gallo

Mechanical **Systems Modeling** Jason Cook

Flow. Thermal. and Data Science Franklin Curtis

Gas Testing Science Craig Toney

Machine Design Engineering

Tom Roseberry

Electrical, Instrumentation, and Controls Engineering

Ian Stiefel (Interim)

Application Engineering

Mike Henkel

Testbed Design Engineering Aaron Good in

Supply Chain Management Dan Dresser

Prototype Manufacturing Keith Parks

Manufacturina **Process Engineering**

Cherlyn Foster (Interim)

R&D Demonstration

Ryan Whitcomb

SIPF Demonstration Jeremiah Sewell

Stable Isotope Materials and Chemistry

Matt Gott (Interim)

Enriched Gaseous Chemistry

Brent Dial (Interim)

Plasma Enrichment. Deployment, and Engineering

Seth Wilder

Plasma Enrichment Science

Adam Stevenson

Stable Isotope Enrichment

Scott Clark
